A silver streak, quite literally.

Chaandi has a unique mix of intrinsic value and functional application in new technologies. Iska upyog aapki jewelry mein hota hai aur bharat ki missiles mein bhi.

Bilkul anokha dhatu hai. Multipurpose. A most precious and strategic metal.

India did not produce any silver until Hindustan Zinc took the initiative. I am thankful to the team and proud of them, for their effort and research. This is just the beginning.

Silver price jumps Rs 6,000 in a day to Rs 1.23 lakh; gold above Rs 1 lakh

Synopsis

Silver prices surged over Rs 6,000 in a single day to Rs 1,23,500 per kg, driven by Trump's tariff policy uncertainty, global economic concerns, and a weak rupee. Gold prices also climbed sharply, dampening festive demand.

Silver crossed Rs 1.23 lakh per kg and gold hit Rs 1.04 lakh per 10 gm as global uncertainties and rupee weakness lifted precious metal prices.

Silver prices surged by more than Rs 6,000 per kg in a day to touch Rs 1,23,500 per kg at the retail end on Monday due to uncertainty in US president Donald Trump's tariff policy which is having an impact on the global economies coupled with the weak rupee, trade executives said.

Even gold prices shot up by Rs 2703 per 10 gm on Monday, dampening the mood of the consumers ahead of the festive season, who would normally book gold and silver now for taking delivery during Navratri to Diwali. As of Monday, gold prices touched Rs 1,04,493 per 10 gm.

BALCO, under its Mor Jal Mor Maati initiative is supporting farmers by developing wadis to strengthen their resilience. By turning barren land into fertile, income-generating fields, the program is enabling sustainable livelihoods. Intercropping ensures short-term earnings, while mango orchards promise long-term growth. With the active participation of over 30 employees, more than 250 wadis have been developed, reflecting collaboration and community partnership. The initiative continues to welcome volunteers to contribute towards a greener and prosperous future.
