23 years ago, a new era began. Zinc was in high demand, but India had low production and a huge import duty of 40%.

In 2002, the government made a bold move by privatizing @Hindustan\_Zinc and gave us a chance. Within a year, without a single retrenchment, profits grew by 113%. Today, @Hindustan\_Zinc is the world's largest integrated zinc producer. Thanks to the focused efforts of our experts and engineers, silver production in India has grown 15x.

In Rajasthan, lakhs of livelihoods have been created, over 1000 allied industries have come up, and ₹1.7 lakh crore has been contributed collectively to the state and nation's treasury. Along with economic and social progress, the environment has also improved, and today Rajasthan, the Sunshine State, shines even brighter.

It's been an amazinc journey. And this is just the beginning.
