## SIGHTS, INSIGHTS & HEIGHTS

### BALCO Advances Inventory Management Through Digitalisation

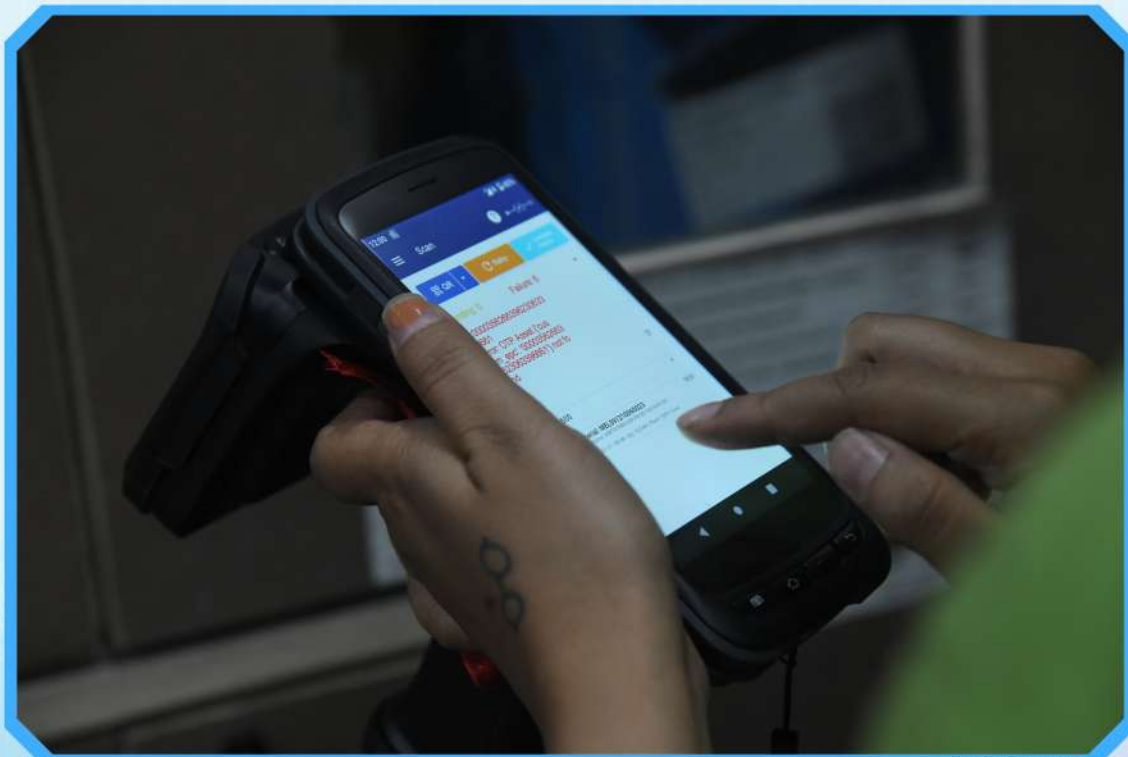

BALCO has inaugurated the RFID & QR Code System for inventory management, marking a progressive step in its digital transformation journey. This intervention enables real-time tracking and greater visibility of material movement, enhancing inventory accuracy and operational control. By reducing manual processes and improving efficiency, the system reflects BALCO's ongoing commitment to innovation, operational excellence, and the adoption of future-ready technologies across its value chain.
