Yesterday, I was playing checkers with Mahii. It was her first time. And she beat me!

It made me think, is experience over-rated?

When we think about the execution of projects our first thought is to find someone with many years or decades of experience.

But we live in the start-up age where the energy, agility and innovation of the young is a worthy challenger to the knowledge and wisdom of experience.

I would like to hear your views on the match-up between experience and youth.

BALCO under Project Nayi Kiran, organized a two-day district-level Menstrual Health and Hygiene Management (MHM) training workshop in collaboration with Sarthak Jan Vikas Sansthan. Over 100 teachers from secondary and higher secondary schools participated, gaining insights into menstrual hygiene and sustainable practices. The workshop also marked the launch of MHM Module-1, with teachers trained as MHM Saathis to foster awareness and inclusivity in schools. Through this initiative, BALCO reinforces its commitment to building a healthier and more informed community.
