BALCO bridges gap between education and industry

Foundation Day celebrations in progress.

■ Our Correspondent

KORBA, Jan 13

BHARAT Aluminium Company Limited (BALCO) participated in the 78th Foundation Day celebrations of the Bureau of Indian Standards (BIS) at Kalinga University (KIT) and Central Institute of Petrochemicals Engineering and Technology (CIPET).

The two-day Standards Carnival provided a unique platform for over 1,200 students from schools across Raipur to gain industry exposure and deepen their understanding of the importance of quality and standards in everyday life.

Speaking on the occasion, Rajesh Kumar, CEO & Director, BALCO, said, "The youth are the architects of India's future. BALCO is deeply committed to

empowering them with the knowledge, skills, and exposure they need to lead confident and informed lives." Sumit Kumar, Head and Director, Raipur Branch Office, BIS, further added, "Our mission to bridge the gap between educational institutions and industries requires a collaborative effort. By bringing students closer to real-world industry practices, we aim to create a robust network of quality-conscious individuals". BALCO has secured BIS certification for its extensive range of aluminium products, reinforcing its dedication to quality and excellence. The company has also been dedicated to empowering youth through initiatives spanning across the year, including the Vedanta Skill School, summer and winter camps, plant visits, and Project Connect.
