Did you know that out of the twenty largest economies in the world, India has the youngest population. According to World Population Review, the average Indian is just 28.7 years old and 50% are younger than that.

This is a huge advantage. Let's invest in our youngsters, women and men, girls and boys. They will be world beaters.

**MR. ANIL AGARWAL**  
Chairman, Vedanta Group

BALCO conducted an Asset Optimization Assessment for its Metal and Power operations, led by a team of seasoned professionals. The evaluation included document reviews, stakeholder interactions, and shopfloor visits, focusing on key areas such as strategy, leadership, and material management, and process optimization, all aimed at driving operational excellence with transparency.
