Celebrating Earth Day 2025

OUR POWER, OUR PLANET

This 55th Earth Day, we embrace the global call to action 'Our Power, Our Planet.' The theme highlights the urgency to shift to renewable energy and collectively work towards tripling clean electricity generation by 2030.

Let's power change through simple yet meaningful actions

Switch Off

Turn off lights, ACs, and devices when not in use to conserve energy.

Choose Shared Rides

Carpool or use company buses to reduce carbon emissions.

Unplug

Remove chargers from sockets when not in use, they consume power even when idle.

Go Efficient

Opt for energy-efficient appliances to reduce your carbon footprint.

Every small step counts!

Be the change

Share a photo of your eco-friendly action and inspire others to follow.

Let's harness our collective power for a greener planet!

BALCO rolled out two impactful initiatives focused on road safety and on-ground behavioral awareness. A training session was conducted for shopfloor employees, engaging over 40 participants in discussions around proactive safety practices and accident prevention. In a parallel effort, employees undergoing safety reinforcement took part in campaign by holding placards with key road safety messages during shift hours to inspire responsible behavior among peers. These efforts underline BALCO's belief in driving safety through active engagement.

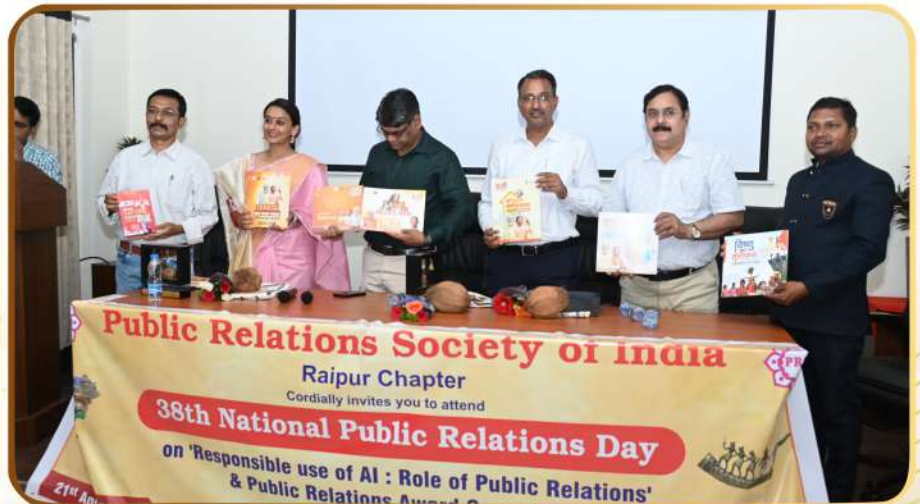

The Public Relations Society of India (PRSI), Raipur Chapter, celebrated the 38th National Public Relations Day on April 21, 2025, at Golden Tower, NIT Campus, Raipur. Shri Varun Sakhaji Shrivastava, Deputy Executive Editor at IBC-24, served as Chief Guest, with a keynote address by Dr. Dilip Singh Sisodiya, Associate Professor at NIT Raipur. BALCO was felicitated for its PR impact during the ceremony, which was attended by dignitaries from leading academic institutions, industrial bodies, green bodies, and government and semi-government organisations. The event focused on "Responsible Use of AI: Role of Public Relations," highlighting the evolving integration of AI in PR practice.
