BALCO organised a POSH Training session led by Ms. Niharika Arora, a Council Member at the Anti-Sexual Harassment Council of Delhi-WICCI (Women's Indian Chamber of Commerce and Industry), who is a certified trainer and subject matter expert in POSH. The training was organised in three targeted sessions to educate internal POSH committee members, senior leaders, and HR personnel on their roles and responsibilities in handling POSH cases.

Vedanta Aluminium's BALCO certified against Aluminium Stewardship Initiative's Performance Standard V3

"This certification marks a notable milestone in BALCO's sustainability journey and demonstrates its commitment to adopting practices that meet a broad range of environmental, social, governance criteria"

■ Our Correspondent
KORBA, Mar 28

BHARAT Aluminium Company Limited (BALCO), India's iconic aluminium producer and a unit of Vedanta Aluminium, has achieved the Aluminium Stewardship Initiative (ASI) Performance Standard V3 Certification for the manufacture and supply of a wide range of primary aluminium products at its facility in Korba, Chhattisgarh.

This includes a smelter with two potlines for producing molten aluminium (hot metal), three casthouses for shaping the aluminium, a rolled product plant and a power generation plant. Together, they contribute to an annual production capacity of 575,000 tonnes at BALCO.

BALCO produces aluminium wire

rods, ingots, primary foundry alloys and rolled products, as well as India's first low carbon aluminium range Restora. They find applications in several sectors including automobiles, infrastructure, insulations, power projects, electrical and packaging. It has emerged as the first Indian company to achieve the ASI Performance Standard V3 Certification. Previously, Vedanta Aluminium has also achieved the ASI Performance Standard V2 Certification for its smelter and captive power plant located within the Special Economic Zone (SEZ) at Jharsuguda, Odisha, India.

The ASI Certification program was developed through an extensive multi-stakeholder consultation process and is the only comprehensive voluntary sustainability standard initiative for the global aluminium value chain. The ASI Performance Standard V3 (2022) was launched in May 2022 following a multi-year revision process. It defines 11 principles and 62 criteria under three sustainability pillars - Environment, Social, and Governance - with the aim to address sustainability areas in the aluminium value chain, such as biodiversity, indigenous peoples' rights, circularity, and greenhouse gas emissions. The independent, third-party audit of Bharat Aluminium Company Limited (BALCO) was carried out by CETIZION Verifica.

Iconic aluminium producer is the first Indian company to be awarded this certification

John Slaven, CEO, Vedanta Aluminium, said, "We welcome BALCO's inclusion in the esteemed ASI membership and its Certification against the ASI Performance Standard V3, which includes the production of our low-carbon 'green' aluminium Restora and Restora Ultra brands. As India's iconic aluminium producer, BALCO has pioneered sustainable processes across every step of the aluminium value chain, establishing itself as a benchmark within the global industry. The certification comes as a reiteration of our continuous commitment to responsible production practices, and ignites in our teams a renewed focus on exploring new ways to harness aluminium's boundless potential towards building a sustainable world."

Dr Fiona Solomon, CEO, Aluminium Stewardship Initiative, said, "We congratulate Bharat Aluminium Company Limited (BALCO) on achieving Performance Standard Certification V3 (2022) for its integrated aluminium production facilities in Chhattisgarh. As a large aluminium producer in India and a part of Vedanta Limited - Aluminium Business, BALCO plays an important role in the global aluminium industry. This certification marks a notable milestone in BALCO's sustainability journey and demonstrates its commitment to adopting practices that meet a broad range of environmental, social and governance criteria."

Vedanta Aluminium, of which BALCO is a part, is adopting a multi-pronged approach to achieve Net Zero by 2050, by setting clear timelines to mitigate emissions, deploying cutting-edge carbon reduction technologies, greater usage of renewables, and supporting grassroots climate resilience initiatives among local communities.

Striking a balance between ecological needs and business requirements, the company achieved an impressive 28% reduction in its greenhouse gas (GHG) intensity in FY23 from a FY12 baseline, while also enhancing production three-fold during the same period.

भारत की आइकॉनिक एल्युमिनियम उत्पादक बालको यह सर्टिफिकेट पाने वाली देश की पहली कंपनी वेदांता बालको ने हासिल किया एसआई का परफॉरमेंस स्टैंडर्ड वी3 सर्टिफिकेट

हरिभूमि न्यूज़ १४४ कोरबा

वेदांता एल्युमिनियम की इकाई भारत एल्युमिनियम कंपनी लिमिटेड बालको ने कोरबा, छत्तीसगढ़ स्थित अपने संयंत्र में प्राथमिक एल्युमिनियम उत्पादों के मैनुफैक्चरिंग एंड रेस्टोरा के लिए एल्युमिनियम स्ट्रुक्चरिंग इन्फ्रास्ट्रक्चर (एसआई) का परफॉरमेंस स्टैंडर्ड वी3 सर्टिफिकेशन हासिल किया है। बालको संयंत्र में मौजूद एल्युमिनियम (गर्म धातु) उत्पादन हेतु स्मेल्टर के दो पावरहाउस तथा एल्युमिनियम को आकार देने के लिए तीन कास्टहाउस और रोलिंग प्रोडक्ट एवं पावर जेनरेशन प्लांट शामिल हैं। ये सब मिलकर बालको की

सालाना 5 लाख 75 हजार टन एल्युमिनियम उत्पादन क्षमता को प्रमाणित करता है। वेदांता एल्युमिनियम के सीईओ जॉन स्लेवन ने कहा कि एसआई परफॉरमेंस स्टैंडर्ड वी3 सर्टिफिकेशन प्राप्त कर

एसआई के सदस्यता होने पर हम बालको का स्वागत करते हैं। इस सर्टिफिकेशन में हमारे लो कार्बन ग्रीन एल्युमिनियम रिस्टोरा और रिस्टोरा अल्ट्रा ग्रेड का उत्पादन शामिल है। भारत की आइकॉनिक एल्युमिनियम

उत्पादक के तौर पर बालको एल्युमिनियम वैल्यू चेन के प्रत्येक कदम में सरटेनेबल प्रक्रियाओं के अमल में आगामी रही है और वैश्विक उद्योग में स्वयं को एक बेचमाक के रूप में स्थापित किया है। यह सर्टिफिकेशन दक्षिणपूर्व उत्पादन विधियों के लिए हमारी निरंतर प्रविष्टता को प्रदर्शित करता है। इससे हमारी टीम को एक सरटेनेबल दुनिया के निर्माण हेतु एल्युमिनियम की अग्रणी संभावनाओं का उपयोग करने के और नए तरीके तलाशने की प्रेरणा मिलेगी। एल्युमिनियम स्ट्रुक्चरिंग इन्फ्रास्ट्रक्चर को सीईओ डॉ फियोना सोलोमन ने कहा कि हम बालको को उसकी छत्तीसगढ़ स्थित इंडस्ट्रियल

एल्युमिनियम उत्पादन सुविधाओं के लिए परफॉरमेंस स्टैंडर्ड वी3 (2022) सर्टिफिकेशन हासिल करने पर बधाई देते हैं। भारत की एल्युमिनियम उत्पादक एवं वेदांता लिमिटेड - एल्युमिनियम बिजनेस का हिस्सा होने के नाते बालको वैश्विक एल्युमिनियम उद्योग में एक मान्यपूर्ण भूमिका निभाती है। यह सर्टिफिकेशन बालको के सरटेनेबिलिटी सफर में एक उल्लेखनीय उपलब्धि है। कंपनी उन विधियों को अपनाने के लिए प्रतिबद्ध है पारंपरिक, सामाजिक एवं नवनेस (एसएनजी) की कमीतियों पर खरो उतर सके। बालको में एल्युमिनियम खबर रॉड, इंगोट, प्रारम्भो फार्डग्रेड अलॉय
